JOHN GULICK,

WHO MURDERED HIS MOTHER AND BROTHER.

GULICK CAPTURED.

And Now Behind Prison Bars at Sunbury.

Murderer John Gulick will now have sufficient time to ponder over and repent for his terrible crime, the killing of his mother and brother, at the family home near Kline's Grove, Tuesday morning of last week. But penitence will not suffice; the law demands more. His life, according to the appointed rules of the land, must pay the penalty.

His capture occurred Sunday morning, in a small workhouse, near his home by Butler Surgeon, a man employed by Mr. Gulick on his farm.

Gulick was drying his clothes near a little stove, in which he had built a fire, when Surgeon entered the place. Trembling with fear Gulick arose and advanced toward Surgeon, holding out his hand. He inquired, "How is Pap?" Surgeon replied, "He's well, I'll call him."

"No, no, I don't want to see him. The torture I have endured the past few days has made me mad."

Noticing through the window the approach of a little party of country men on the way to church, Gulick became alarmed and fled to the woodhouse. The party was called, and after relieving the prisoner of his loaded revolver, the weapon with which he had slain mother and brother, they took him to his father's home and allowed him to eat breakfast and change his clothes.

As the prisoner entered the house, Samuel Gulick, his father, advanced to meet him. Tears streamed down the parent's face as he shook hands, but the matricide was not moved.

Gulick was brought to Sunbury in a covered wagon and put in jail. Describing his whereabouts since the crime, Gulick said:

"I struck to the hills after the shooting and remained there until night, when I went to Eckman's barn. Before daylight Wednesday I returned to the hills and hid under a pile of underbrush. Wednesday night I slept at the same place, but Thursday and Friday night Van Kirk's barn sheltered me. I had very little to eat, and Friday night I went to Northumberland, as I was nearly starved. While I was in the hotel there, the proprietor recognized me, and I started for Danville. I was there all morning Saturday.

"Friday I watched the funerals of mother and my brother from the hills near home. I never saw a newspaper and didn't know anbody was after me.

I am very sorry, but things were getting too warm for me. It was about three o'clock when I went into the workshop. It rained hard last night, and my clothes were soaked. I intended coming to the jail tomorrow morning and giving myself up to the warden.

"During the day I was in constant fear of some one finding me, and at night the scene of the shooting was always before my eyes."

The prisoner was pale and careworn, but seemed to breathe easier after being placed behind the prison bars. On the way to the jail, he heard some one along the country road shout. "Get a rope!' This remark made him crouch behind the constable, and cover his eyes with his hands.

Old Mr. Gulick is all unnerved, more so in fact than any time since the commission of the deed. He says that he will leave the law take its course.

Murderer Gulick was taken from his cell into the jail office Monday morning, and arranged before Justice of the Peace Shipman, on two charges of murder. When the question "guilty or not guilty" was put to him, he was speechless. His counsel, J. Simpson Kline, answered "not guilty" for his client. The prisoner was indifferent to all the proceedings, and displayed not a semblance of emotion or nervousness. It is understood that his plea will be insanity.

CHRISTIAN F. KNAPP.

Death Removes a Highly Esteemed Resident of Bloomsburg.

The announcement of the death of Christian F. Knapp was received this Thursday morning, not with surprise, for his condition was such that his death would not have been a surprise at any time for several months past, but when it came it was received with profound regret by this community. He was born in Germany in 1822 and came to this country in 1831, and had resided here for many years. He was one of the most prominent Masons in this country. The survivors of his family are three daughters, Mrs. Caroline Bodine of Bloomsburg, Mrs. Harvey Long of California, and Mrs. Geo. S. Robbins of New York. An extended biographical sketch of the deceased will be printed in our next issue, as we go to press too soon for it this week. The time for the funeral has not yet been decided.

Vestrymen Elected.

The annual election of officers of St. Paul's P. E. Church was held on Monday evening. The following gentlemen were elected Vestrymen: Col. J. G. Freeze, John R. Townsend, Geo. E. Elwell, Paul E. Wirt, J. L. Dillon, J. G. Wells and Geo. S. Robbins. Col. Freeze was appointed Rector's Warden by the Rector, and J. R. Townsend was elected Accounting Warden, Paul E. Wirt was elected Secretary and A. H. Bloom, Treasurer.

A vote of thanks was tendered to all those who assisted in arranging beautiful decorations of the church on Easter, and to the choir for their excellent music. The appointment of committees was postponed until next meeting, which will be held next Tuesday evening. The time for the regular meetings of the vestry was changed to the second Monday of each month.

THE NEW COUNCIL

Organizes and Makes Appointments—Fred Ikeler, Esq., Retained as Solicitor.

E. F. Carpenter Re-Elected Treasurer—John T. Tracey Chosen as Secretary.

The first meeting of the new Town Council was held Thursday evening last. As the business of the initial session is always given to the organization and the filling of the various offices, there was quite a good attendance. The majority of the onlookers was composed of those whose friends had filed applications for the various offices in the gift of the Council.

Before any nominations were made or considered, Mr. Dieffenbach moved that an open ballot be used. A vote on the question showed a difference of opinion. A second ballot was taken and the secret ballot agreed upon.

To give the Councilmen an opportunity to discuss the qualifications of the applicants and for the private consideration of other matters relating thereto the applicants as well as the visitors were requested to vacate the room until the election was over.

F. B. Hartman was elected secretary pro tem. and Messrs. Webb and Kashner were appointed tellers to receive and count the vote.

The Solicitorship was the first taken up. There was no opposition to Fred Ikeler, Esq., and the secretary was instructed to cast the ballot.

For Secretary there were three applicants: Freeze Quick, who had served in that capacity for three years, John Tracy and R. H. Ringler. Tracy was a winner on the first ballot, he receiving four votes. The other two votes went to Ringler. Mr. Tracy was declared elected.

E. F. Carpenter the present Town Treasurer, was re-elected, he having secured four votes. The remuneration was made the same as the preceding year, viz., one per cent. on all moneys handled by him. The other applicants for the position were J. H. Mercer, O. T. Wilson, A. N. Yost, John S. Gerstong and Jacob Millard, Messrs. Yost and Wilson receiving one vote each.

For Chief of Police there were two applicants, Wesley Knorr, incumbent and Arlington Shultz. The vote resulted: Knorr 5; Shultz, 1. Knorr having received five votes was declared elected. Salary was fixed same as last year, $40.00 per month and an allowance of $40.00 for clothing.

C. F. Neyhard and David Fisher were applicants for the office of Commisser of Highways. Mr. Neyhard received the total vote cast was declared elected. Compensation remains the same as last year, $1.75 per day.

For High Constable Miles Betz and John W. Gibbs were the applicants. Mr. Betz received five votes and was declared elected. Salary remains the same, $50.00 per year.

For Town Engineer the only name presented was that of J. C. Brown. His election was made unanimous. Compensation to be derived from amount of work done.

For Vice President the only name presented to the Council was that of F. B. Hartman and he was unanimous chosen for that position in the body.

For Building Inspector Samuel Shaffer was unanimously chosen.

On motion duly seconded the time for assembling of Council was fixed at 7:30 p. m., lasting until 10 p. m., and that all regular bnsiness before the body be transacted before petitions are acted upon.

The following committees were appointed by president Ikeler, the first named on each committee to act as chairman:

Committee on Highways—Kashner, Webb and Hartman.

Comittee on fire and water—Cronin, Webb and Kashner.

Committee on Light—Hartman, Webb and Cronin.

Finance Committee—Webb, Hartman and Rabb.

Sanitary Committee—Rabb, Dieffenbach and Cronin.

Mr. Tracy at this juncture was notified of his election as secretery and at once entered upon his duties of his office.

USED KNIFE BLADE

Caprio's Deadly Weapon Was a Small Pocket Knife.

Found Hidden in the Settee in the Hall of the Hospital.

An inquest over Dr. R. Erskine Johnson's remains, the victim of the Italian Caprio, was conducted by Justice of the Peace, J. P. Bare, Thursday afternoon. The jury was composed of J. C. Petterson, E. C. Voris, John R. Wallize, D. C. Williams, J. C. Mencemoyer and Theodore Hoffman. Several witnesses testified among whom was Dr. Meredith, superintendent of the Hospital. At the time of the murder he was in a distant part of the building, and his testimony was in relation to the condition of the patient who committed the crime.

Caprio's condition, Dr. Meredith explained, is stationary and admits of but little hope of recovery. His mania is marked by delusions of persecutions. He is fault finding and he frequently has trouble with other patients. The history of his case shows that he was insane when a boy. He had already been afflicted one year and was under sentence for commitment of crime when adjudged insane and sent to the Hospital. Dr. Meredith gave it as his opinion that Caprio was insane at the time of the murder.

Roy Rishel, whose home is at White Hall, Montour county, who is attendant in Caprio's ward and who assisted Dr. Johnston, was sworn. The physician was sitting on the side of the bed with his left side next to the patient. When resisted Rishel took his left hand, the patient keeping his right hand concealed under the covers. This hand Dr. Johnston was trying to get hold of, but before he could accomplish it the patient quickly withdrew it and dealt the doctor a stunning blow on the left jaw. The doctor arose, but not until as proven by the wounds on his body he received three other blows from the murderous patient. As to the latter attendant, who confessed that he was very much excited, was able to give little information. Indeed, so far as his knowledge went there might have been but one blow struck. He saw nothing in the patient's hand resembling a weapon of any sort.

Rishel struggled with Caprio, but was unable to subdue him until additional help arrived in the person of Harry Huntingdon, another attendant. The patient was finally over powered, and the two immediately turned their attention to Dr. Johnston. He said he didn't think his wounds were serious. The blood was flowing freely however, and but a few minutes elapsed until he was unconscious. He was removed to a room further down the hall where his life ebbed away.

At this juncture a knife blade, stained with blood was produced. It

There is nothing that can equal this in any competitor's stock. The mill that makes these is always sold ahead. It is far and away the best Carpet for the money, produced by any mill in the country.

Frankly, when the carpet was first made, all buyers were rather dubious about its wearing qualities. But carpets have been worn for over a year and the purchasers of the first carpet have come back for a second. "Proof of the pudding," you know.

HEAVIER GOODS? Certainly! And we have the private patterns of one of the best manufacturers in the country. We offer these MADE, LAID AND LINED, FOR $1.15 PER YARD.

We carry a larger stock of Carpets than all the combined stocks of several towns. Come and verify this assertion. We'll tell you just what the Carpets are, and we will give you the best price we can, consistent with quality.

FURNITURE.—Goods new and fresh. An oak bed room suit for $15. Have just received a number of new patterns in extension tables. We want to give you figures on furnishing the whole room.

Dry Goods.

Cash receipts is the barometer of business. Just on the Q. T. our cash sales of Dry Goods and Notions have quadrupled, as compared with last year. The reason: We don't advertise to give you 50c worth of goods for 25c. What we do do is to buy the best goods we can for the money, place a fair price on it, and then do our best to satisfy you that it is to your interest to buy from us. And you must find it so, for we have four times the number of people coming in and buying our dress goods, etc., for cash, than ever before.

Our stock is carefully picked. Smaller quantities and a more frequent buying keeps our stocks just ahead of our competitors.

New Jersey Central Employees Taking Secret Ballot.

COMPANY BLAMES LABOR AGITATORS

Brotherhood In Wilkesbarre Said to Have Cast a Unanimous Vote For a Strike—No Official Announcement Has as Yet Been Made.

NEW YORK, April 10.—Negotiations between the employees and officers of the Central Railroad of New Jersey are still going on, but as far as can be learned at the offices of the company it was not known whether there will be a strike or not. It is evident that sentiment among the employees is divided. Some of the men, particularly those on the New Jersey division of the road, are bent on a strike and are doing their utmost to force one. On other divisions, however, the men are not so determined. A dispatch from Wilkesbarre said that there would probably be no strike. A later dispatch from them says that the men on that division have voted unanimously for a strike, but that it is believed that Vice President Warren will do his utmost to avoid trouble by granting a conference with the co-operative committee of the employees and in that way effecting a compromise.

One of the officers of the New Jersey Central in speaking of the trouble said:

"The root of it all is that in the last few years the affairs of the employees of the road have fallen into the hands of professional labor agitators, and this road will not deal with them. The officers of the road have never refused to meet the men."

Brotherhood Favors Strike.

WILKESBARRE, Pa., April 10.—The brotherhood employees of the Central Railroad of New Jersey held a meeting at Ashley last night. The gathering was for the purpose of learning some news from New York, but none came, and the meeting adjourned shortly after 10 o'clock. Another report is that the result of the voting on the strike question was made known at the meeting. No information was given out beyond the fact that the brotherhoods were almost unanimous for a strike.

Naval Observatory Inspected.

WASHINGTON, April 10.—The board of visitors to the Naval observatory assembled in this city yesterday. They reported their arrival to Secretary Long at the navy department and were escorted by him to the White House and formally presented to the president, after which they inspected the apparatus at the observatory, about a mile north of Georgetown. The board is composed of Professor Ormond Stone of the University of Virginia, Professor E. C. Pickering of Harvard university, Professor Charles A. Young of Princeton, Dr. William R. Harper, president of the University of Chicago; Dr. Charles F. Chandler, dean of the School of Applied Science, Columbia university, and Professor Asaph Hall, Jr., of the University of Michigan.

A Somber Easter.

NEW YORK, April 8.—It was a somber Easter, rain coated and much umbrellaed. It didn't rain enough to drive the people straight from church to their homes nor did it shine enough to draw the old time throngs to Fifth avenue. Every time the rain stopped sprinkling the dust blew in clouds, and the wind blew all the time. Altogether it was the dreariest, least interesting Easter in 20 years in New York city. In Fifth avenue between 12:30 and 2 p. m. the crowd wasn't great. Many a winter Sunday sees more people abroad there. At no time during the day was progress difficult. Society was absent. It had gone out of town or had decided to wait for a more propitious day.

Three Gold Bars Stolen.

CHERBOURG, France, April 10.—On the arrival here of the North German Lloyd steamer Kaiser Wilhelm der Grosse, Captain Engelhart, from New York April 2, it was announced that three gold bars worth £4,000 each had been stolen during the voyage. All the baggage landed here was examined with the utmost care by the customs officers and detectives, but the gold was not discovered. One hundred and fifty passengers landed for Paris, and several detectives traveled in the special train with them.

Boutelle's Successor Elected.

BANGOR, Me., April 9.—The special election in the Fourth Maine congressional district yesterday to choose a successor to Hon. Charles A. Boutelle, resigned, resulted in a victory for ex-Governor Llewellyn Powers of Houlton, the Republican candidate, by a majority estimated at slightly more than 2,000 over Thomas White, Democrat. In September Mr. Boutelle's majority in the district was more than 10,000. The weather conditions were about as unfavorable as could be imagined.

Wise Viceroys These.

SHANGHAI, April 10.—The Yang-tse viceroys and governors have forwarded a memorial to the throne suggesting certain reforms. These reforms suggest among other things that the royal princes and students of good family should travel and study in foreign countries, that the entire army be drilled by western methods, that colleges and schools be extended and that a standard dollar currency be adopted.

Knox Sworn In.

WASHINGTON, April 10.—P. C. Knox, the new attorney general, attended a meeting of the cabinet yesterday for the first time. He took the oath of office in the cabinet room shortly before the hour for the members to assemble. The oath was administered by Associate Justice Shiras of the supreme court, the only other person present beside the president being the young son of Mr. Knox.

Famous Swamp Sold.

ATLANTA, April 10.—The famous Okefenekee swamp in south Georgia has been sold to Charles Hebard & Sons of Michigan. The consideration, it is understood, is $175,000. The swamp contains 354,000 acres, and its circumference is 137 miles. The sale carries with it the land, timber, water courses and game with which the swamp abounds.

Electricity In St. Peter's.

ROME, April 8.—The newly installed electric lighting plant at St. Peter's was inaugurated last evening. The effect was most brilliant. There were 80,000 spectators present, including many tourists.

A Source of Weakness.

An old and curious exhibition of intellectual furniture is now being given by parties who treat the surrender and alleged miraculous conversion of Aguinaldo as the final victor of imperialism and adjustment of the Philippine question.

Supposing that it is true, as intimated, that Aguinaldo has accompanied his oath of allegiance with proposals to use his influence for the pacification of the islands and the reconciliation of the natives under our sovereignty; supposing that the war is thus terminated with the complete and final submission of those millions of little brown men who have repeatedly declared that they would be content with nothing less than independence; suppose a miraculous transformation of Philippine character, as shown in the long struggle and intrigue with Spain, so that we might rest assured of their tranquility and loyalty under our dominion; the question is whether all these suppositions granted would make our position in the Philippines one to be approved upon grounds of policy, justice or common sense.

Many believe that there is now a great war pending in the Orient. The possession of the Philippines brings us that much nearer to the scene of trouble, so that although we should easily keep out of it, we must be brought to realize the essential weakening of our position among the nations by the possession of territory so distant and so vulnerable A naval station, duly fortified and equipped, would have been a source of offensive strength; a vast and populous island empire invites attack, and proves a source of weakness, demanding fleets and armies otherwise available for aggressive service or home defense. The wise Old World diplomats and statesmen have reason to smile scornfully at our boast of taking our place as a "world power" thus illustrated by the deliberate abandonment of our natural and unique position as a compact republic guarded by great oceans, and pledged to an avoidance of foreign entanglements; for they see that our own imperialist statesmen have blindly contrived this entanglement, which already claims two-thirds of our active naval force and the greater part of our available army; and they know that the assurances of a decreased Phllippine military and naval establishment following the pacification of the islands must depend upon circumstances not entirely within our control, for the balance of power is now a feature of our Oriental relations.

The injustice of our position is sufficiently measured by reference to our own standard of national right and wrong, as applied to the popular basis of government, the principle of liberty and representive government; and references to our territorial rule of out-posts in the wilderness are quite feeble in their application to the swarming race of Filipinos organized for the government of their own corner of the earth, in their own way.

The common sense solution of the situation is clearly as far as possible from the uncommon spectacle of American interference against liberty in Asia, where anything like liberty has been long enough unknown.

The attitude of Aguinaldo and the Filipinos need not affect in any way the answer to these questions The point is that the holding of those islands must be a source of weakness, both at home and abroad a rank injustice to their people, whether they are content or not, and in the light of our history and our professions, a rank absurdity.—Ex.

Dead and Unknown.

Two young men, names unknown, were struck by the Pennsylvania Railroad main line express, knocked off the high bridge at Coatesville, at 5:10 Monday evening, and killed.

The young men were walking across the bridge, which is 90 feet high, and stepped upon the south track out of the way of a freight engine and caboose on the north track just as the express came onto the bridge. Seeing that escape was impossible, they clasped hands and turned their backs to the oncoming train.

One was knocked off the bridge instantly and fell headforemost upon a pile of pipes below. His skull was crushed. The other appeared to have been run over by the train, as he was completely dismembered and his body cut nearly in two. They were thrown 20 feet apart.

In the inside coat pocket of one of the unfortunates was found an open envelope addressed, John Mouring, Catawissa, Pa. It is believed that he was either employed or resided in that vicinity, as the letter had evidently been lifted by him from the Catawissa postoffice.

Man, Poor Man!

He cannot put a puff round his elbow when his sleeves wear through.

His friends would smile if he disguised a pair of frayed trousers with graceful little shingle flounces.

He would likewise be guyed if he sought to cover the ravage of a spark from his cigar with an applique of even the finest lace.

The poor thing must shave every other day, at the outside, or pose as an anarchist.

He has to content himself with somber colorings, or to be accused of disturbing the peace.

He may not wear flowers or ribbons in his hair, no matter how bald he becomes.

His heirs would have a guardian appointed should he take to lace-trimmed lingerie.

The feathers in his cap are as nothing from the decorative standpoint.

He may not take unto himself a lace overskirt when his pearl trousers become dingy.

He can't edge his coat sleeve with a fall of lace to hide a scarred or maimed hand.

A pink veil is out of the question, no matter how muddy his complexion may become.

As for covering up the stain made by a careless waiter, with a jabot—no!

Get Young People Interested.

In almost any village the young people could be enlisted in the work of village improvement, and they could give entertainments for the benefit of the society and thus realize a good sum, since everybody would feel in duty bound to patronize them.

We have not been ambitious to make costly experiments in our village. Instead, we have been satisfied to make the most of possibilities in a practical way. We have let competent men, having good taste and good judgment, plan the public work for us, and we have been sensible enough not to interfere with them or hamper them with unwise and uncalled-for suggestions which we have insisted on having adopted. Wherever and whenever this is done there will be friction. We have performed the work assigned us by those whom we have chosen to take the lead in an honest, hearty fashion, glad to do it, because we felt that it was of general as well as personal benefit. It has stimulated and strengthened our pride in the place we live in. It has made us feel, as never before, the mutuality of our interests.—Eben E. Rexford, in April *New Lippincott.*

A series of stamps will shortly be put on sale by the Post Office Department, to be known as the Pan-American series. They are intended to commemorate the Exposition and will be of one, two, four, five, eight and ten cent denomination.

Recently there have been several cases of prominent men suddenly falling in collapse just after eating a hearty meal. These men have all been under treatment for gastric "trouble," and yet the result shows that the treatment they had received had smothered the symptoms but had not retarded the progress of the disease.

There is a real danger in the use of palliatives when there is disease of the stomach and its allied organs of digestion and nutrition. The disease in such cases goes on, while the distressing symptoms alone are stopped. Presently, like a smothered fire, the disease breaks out in new places, involving heart, lungs, liver, kidneys, or some other organ.

The use of Dr. Pierce's Golden Medical Discovery results in a radical cure of diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, lungs, liver, kidneys, etc., when the disease of these organs has its origin in the diseased condition of the stomach and digestive and nutritive system.

"I will tell you what myself and family think of your medicine," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kansas. "It will do all you say, and more. I was taken sick nine years ago; I got so weak I couldn't lie down, nor hardly sit up; was that way two or three months. I picked up one of Dr. Pierce's Memorandum Books one day and saw your description of catarrh of the stomach. I thought it hit my case. We had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for my mother. You recommend it for catarrh of the stomach, so I went to taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. Your medicine cost me three dollars and the doctor cost me fourteen dollars."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps, to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

Unique Indian Relics.

Some probably unique Indian relics have found their way to the Historical Society, the gift of Thomas M. Mensch of Franklin township, Columbia county. There are eight stone implements and they are supposed to have been used for ceremonial purposes, as it is difficult to imagine any practical use to which they could have been put. They are from 5 to 8 inches long, and of dissimilar shape. They are approximately of the diameter of a person's finger at the largest part and they taper to a dull point. Two of them are very much the size and shape of an ordinary white chalk crayon used in the schools, and one has a distinctively flaring and flattened butt. They were handed to the Historical Society by Charles E. Randall of Catawissa, who says they were found three miles below Catawissa in a sand pit 300 yards from the Susquehanna River. Although the society has a remarkably fine collection of Indian remains there is nothing even approximately resembling these curious specimens—Wilkes-Barre *Record.*

The Portraits of Our Presidents
With Biographical Sketches
—BY—
General Charles H. Grosvenor.
This page designed by Tiffany.

The Inaugural year, when the public mind is aroused over Presidential questions, is a fitting time to issue General Grosvenor's book. Its sale is already tremendous, and will perhaps exceed that of General Grant's Personal Memoirs

Every Patriotic American desires to read what General Grosvenor has to say of George Washington, Thomas Jefferson, Andrew Jackson, Abraham Lincoln, President McKinley and the other Chief Executives of the Nation. Everybody desires to read what General Grosvenor, the staunch old Republican leader in Congress, will say of that staunch old Democrat, Andrew Jackson, the father of the Democratic party. General Grosvenor has thrown into his sketch of Jackson all the fire and energy of his nature. The biography of Thomas Jefferson is grand. The biography of Lincoln is as beautiful as a sunrise over the hilltops. General Grosvenor has personally known all the Presidents since the time of James Buchanan. The General's book will therefore contain history which has never before been published, written from his own personal observation of these great men. General Grosvenor has served in Congress for nearly twenty years, and he has served his country in war and in Congress for nearly forty years. The book contains twenty-four large Photogravure Etchings as fine as Steel Plates, printed by hand, on heavy plate paper made especially to order. These 24 Photogravure Etchings are in different tints, and are well worth $2.00 each These Portraits are made from the Paintings endorsed by the family and near relatives of the Presidents. Two years' time and a fortune have been expended in securing these reproductions. The complete book is well worth $50.00, but the price has been placed so low that the most humble American citizen can own it. The biographical sketches are printed in large open type in two colors; the work is so beautiful that when people see it they want it. The advance sale is very large President McKinley was the first subscriber. There is one edition known as The President Edition de Grand Luxe, initial letters hand painted, portraits hand colored, title page hand illuminated, registered and numbered; subscription price, $250. Orders and applications for territory are coming in rapidly. A high class man or woman of good social standing can soon make a small fortune taking orders in this community. Send references and apply for terms quick, as the territory will all be assigned soon. Address

WASHINGTON.

From our Regular Correspondent.

Washington, April 8th 1901.

President McKinley and Boss Hanna have again had their heads together over Ohio politics. They don't like the returns from the municipal elections in the State, and they specially dislike the election of Tom L. Johnson to be mayor of Cleveland. They recognize that Mr. Johnson's successful re-entry into politics means trouble and a lot of it for the republican machine in Ohio, and that it may turn out also to be a factor in the national political arena, as it is an open secret that Mr. Johnson only became a candidate for mayor as a stepping stone to a nomination for something higher. They believe that Mr. Johnson will be a central figure in the State campaign this year, whether he becomes the democratic candidate for governor or the democratic candidate to succeed Senator Foraker, and they fear him and his known personal popularity in the State. And they are not alone in fearing him. Col. W. O. Tolford, of Columbus, which also elected a democratic mayor, who is a republican and has something of a reputation as an expert on the currents of Ohio politics and who is now in Washington, said: "Mayor-elect Johnson will start with an advantage now for higher places. He is very clearly in line for the democratic nomination for governor this year. Nobody believes that he can carry the State, but he may make trouble in the legislature. And if he can even reduce Governor Nash's majority for a re-election to a small figure he will be a powerful factor in the democratic National Convention. He surely is a vote getter."

* * *

According to whispered gossip around the War Department, Mr. Meiklejohn, who is in Washington, he says to attend to some private matters, and others say to see if he cannot get hold of a Federal salary, and Secretary Root had a bitter quarrel, during which the former accused the latter of having prevented his election to the Senate by forcing him out of the position of Assistant Secretary of War while the Nebraska Legislature was in a deadlock, and Secretary Root retorted by saying that the duties of the Assistant Secretary of War were in Washington, and not in Lincoln, Nebraska.

* * *

Again Pierpont Morgan! That man seems determined to control everything in sight and a lot of things not in sight. While officials deny the story that Mr. Morgan, during his recent visit to President McKinley, offered to buy out the Panama Canal Co. and complete the canal, giving the United States government any concessions it might desire as to the control of the canal in time of war, with private capital without cost to this government, provided, that President McKinley would pledge this government to kill the project for the construction of a canal over the Nicaragua route, it is generally believed in Washington that Mr. Morgan did make some such offer to President McKinley and further that it is being considered. The story is plausible, and if true would explain much of the mysterious opposition to the Nicaragua Canal bill which constantly cropped out in unexpected places while the late Congress was in session. It is known that Mr Morgan's relations are close with the big railroad interests that opposed Nicaragua Canal legislation, as well as with the capitalists who compose the so-called American Panama Canal Co., which is believed to have been organized for purely speculative purposes. Another thing that adds to the plausibility of the story is that the State Department, in its negotiations with the Colombian minister and the president of the Panama Canal Co., clearly shows its recognition of the possibility of the Panama canal passing under American control. Since it was started by De Lesseps the Panama Canal Co. has been not one swindle, but a series of gigantic swindles, which have made rascals millionaires and thousands of honest French investors paupers. With that record open to all it is not conceivable that the American people will ever endorse any connection of this government under any circumstances or conditions with the Panama Canal Co.

The administration has once more revived the story that the Sultan of Turkey is about to pay those long-standing American missionary claims. Like all its predecessors, the new story says that this time payment is cocksure, owing to the cleverness with which our diplomats have got the Sultan bound. Common decency ought to keep the administration silent on this question until it can announce that these claims have been paid. It has allowed itself to be bluffed and bamboozled by the Sultan to an extent that has made this government the laughing stock of the diplomatic world.

It looks as though the administration were shifting the responsibility of dealing with Aguinaldo upon Gen. MacArthur's shoulders. At least that is the inference from its having suppressed Gen. MacArthur's cablegram telling how and why Aguinaldo took the oath of allegiance to the United States; also the instructions sent to MacArthur on the subject. It is an old game. If everything goes right, it will be announced that Gen. MacArthur was acting under instructions from the administration; if there is a slip anywhere that results in public condemnation, it will be said that Gen. MacArthur acted in his own discretion and made a mistake. In other words, if a case of heads, McKinley wins, tails, MacArthur loses.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

STATE NEWS.

J.M. Nichols, a well-known Jersey Shore hunter, killed the first swan that has been seen in this State for twenty-five years. The bird was snow-white, and measured nearly eight feet from tip to tip.

Mrs. Sarah Coover of Mechanicsburg has just celebrated her one hundred and third birthday at the home of her son, Major J. C Reeser. Mrs. Coover is hale and hearty and expects to live many more years.

Solon Z. Landis, of Maytown, has been missing from his home since Monday of last week, and his whereabouts are unknown to his family and friends. He was greatly worried of late on account of financial difficulties.

Samuel Salsberg, who shot Dr. H. L. Falk of Wilkes-Barre, in the arm while the physician was in Mrs. Salsberg's room, on Monday brought suit for divorce from his wife. He alleges unfaithfulness on her part and names Dr. Falk as co-respondent.

The appearance of a case of smallpox in Lebanon on Monday caused a great scare. The patient is John Harvey Rutter, of South Fifth street 37 years of age, having a wife and an adopted son. The house is quarantined, and officers guard it day and night, allowing no one to enter or leave.

One of the most remarkable men in this State is Amor Martin of Sharon who on Monday celebrated his 104th birthday anniversary. Martin can read the finest print without glasses, his hearing is unimpaired, and he has a remarkable memory. Two years ago, unassisted, he built a brick cistern and still follows the occupation of a cobbler.

Q. J. Reed, William Zimmerman, Thomas Holl, William Reppard and E. O. Zurn, the Shamokin ex-Councilmen, who were imprisoned at Sunbury Saturday to serve four months each for cheating the borough of Shamokin in street paving contracts, signed a petition Monday morning which was sent to the Board of Pardons. The men expect to be pardoned before serving their sentences.

Charles Wagner, foreman of Kulp & Co.'s sawmill, at Lewisburg was adjusting a revolving buzz saw Tuesday when he lost his balance and fell forward.

His right wrist touched the saw and the hand was severed. Without even moaning he picked up the hand, walked to the telephone in the office and told a physician to come to his home. Then he walked home and had his injured arm dressed.

Cures Hydrophobia.

The recent death of little George Hoover, of Shamokin, from hydrophobia, has brought to light a strange cure for the dread disease, which is in the possession of E. J. Houck, of Watsontown. It is a stone from the stomach of a white deer and was sent East from Kansas. Its medicinal property was unknown until it was shown to Coal and Iron Officer E. L. Simmers, who during his stay in Texas had become acquainted with the stone.

The stone is egg shape and about the same size as the embryo chick. It is as soft and pulpy and its property is to absorb poison. Deer eat all kinds of poisonous vines and are saved from death by the absorbent qualities of this stone in their stomach. When applied to a dog bite, snake bite or blood-poisoning it absorbs all of the poison entirely from the system. The poison is removed from the stone by immersing it in milk, which then turns green. Mr. Houck has tried his remedy in many cases since he discovered its usefulness.

A Few Dont's For Trout Anglers.

Don't follow a stream on the sunny side. Your shadow, striking the water of the brook, will scare every trout within twenty feet.

Don't allow your bait to strike the water with a splash, or you will catch no fish. Let the bait sink slowly to the water.

Don't buy cheap tackle if you can spare cash to purchase good articles. You may lose the only fish that bites just because you paid ten cents for half a dozen hooks instead of paying twenty cents more. A dollar rod may break just at the wrong second, while a three dollar article would have bent double and a big trout would have been saved.

Don' fail to try every pool and likely looking shallow along the stream. Oftentimes the biggest trout are found in the most impossible appearing places.

Don't attempt to fish a small stream for at least half an hour after an amateur has gone up or down. He has undoubtedly scared all the trout into retirement.

Don't go home without fish after having spent a day or so in vain efforts to catch something. You can always buy trout in a trout region If you return without fish you will be guyed. Not so if you take fish home, tell everybody you bought them and then wink. This always catches people. Stick to your story of having bought the fish, wink each time, and you will turn out to be considered a good as well as an honest fisherman.

Don't jerk your rod when you get a bite. Trout hooks are slight things and break easily. In addition to that, every time your line swishes in the water several trout are frightened away.

Don't carry along a bottle of rum. The fish do not care for whiskey, and besides you might break the bottle when you slip on the wet stones.

Don't walk up to the stream, and before dropping in your line, look to see whether or not trout are there. Drop in your lure first and test the brook that way. If the fish see you first the chances are you will be "it."

Nationality in Dispute.

The Boston *Globe* says that Professor James E. Burton, a former Cornell student, who is soon to become a member of the faculty of New York University, after four years of careful research, is prepared to prove that the Garden of Eden was located in China and that all that has been thought to be due to Egypt and goes to make ancient civilization belongs rightfully to the Chinese. Adam and Eve were Chinese.

These conslusions have been reached after mature study of all antiquities in the possession of the Egyptian government, and the professor promises to give the grounds of his belief to the public.

Shall we ever forgive ourselves for our contemptuous treatment of the Chinese after it shall have been proved that they were our first parents?

If the Garden of Eden is in China, we ought to know it before that ancient land is dismembered. Let's have the facts, and ere long we shall have the assurance that the heathen Chinee is to become a man and a brother descended from the very first families.

THE DISTRICT CHANGED.

The New Congressional Apportionment Bill Is Somewhat Modified—This District One of Those Changed From the Original Draft.

The Grady Congressional Apportionment Bill which has passed the senate and has been favorably reported in the house, has undergone some radical changes in the committee. The districts affected are the 16th, 17th, 18th, 19th, 20th and 21st. The district that interests the people of this and adjoining counties is the eighteenth. Under the new proposition it will be composed of the counties of Northumberland, Columbia, Montour, Union and Snyder counties. At the presidential election last fall the district gave McKinley 17,952 votes and Bryan 17,514.

Machine's Chance.

The Quay machine has a chance to prove that it is not urging the Fox capitol bill through the legislature for any other purpose than to secure a building that will be a credit to the state, at a minimum cost. Senator Flinn has tried to amend the bill by the substitution of four business men for the four politicians who, with Governor Stone, are named as the members of the commission. These are Auditor General-elect Hardenburg, Treasurer Barnett, President Pro Tem. Snyder and Speaker Marshall. Mr. Flinn has failed. The machine senate rejected his amendment.

When it is a matter of building political fences no doubt any or all of the gentlemen named are amply endowed with the requisite qualities to make the job a success, but in the construction of a capitol we submit that something more is demanded. Witness the apology for a capitol the state now has, built by just such a political commission as is proposed by the Fox bill.

Let Mr. Fox strike out of his bill the four names mentioned and insert those of four reputable business men of some experience in the work they will have to do—they need not be the men named by Mr. Flinn but any level-headed, experienced men who do not follow politics as a livelihood, and the public will be more ready to accept the professions of good faith which we hear from weak-kneed organs concerning the new structure.—*Patriot.*

and with the exception of the motion that the badges of the Good Will Fire Co. No. 4, now being used by the Volunteer Fire Co. the Second Ward be returned to the company they should be returned to Council, they were approved as read.

On motion duly seconded the pole ordinance was tabled indefinitely.

Complaint was entered by S. P. Hagenbuch, about a cesspool in the alley near his property, the water from the same entering his cellar. The committee on highways was instructed to investigate.

E. C. Bundy stated that East Third Street in its present condition is dangerous and inviting suits for damages. He requested that it be cindered and put in better condition. The Council was undecided as to the proper course to pursue, as the street beyond the Neal line, that is the section complained has never been accepted by the town. The question was finally referred to the proper committee, the report to be made at at the next meeting.

R. C. Buckalew asked for an iron lamp post. Referred to Fire and Water Committee.

Report of light read and referred to the Committee on Light.

Mr. Hartman stated that the finance committee had met Mr. Kase, tax collector, on March 14th and had received his list of exonerations, for the year 1898, and that the committee had reported favorably on the allowance of the exonerations therein reported. On motion, duly seconded, the report was accepted.

Bills incurred during the month were ordered paid.

Permission was granted to C. P. Girton for repairs to his Center Street property.

A bill presented by F. M. Hess for two loads of stone amounting to $1.00 was held for investigation.

On motion, duly seconded, the barn of Charles Hower was rented for the ensuing year at the same price paid last year, and that brick now stored in Mr. Cox's barn be removed thereto.

The streets in several places were reported in bad and unsafe condition, and the same were ordered repaired after which Council adjourned.

ROYAL BAKING POWDER
ABSOLUTELY PURE
Makes the food more delicious and wholesome
ROYAL BAKING POWDER CO., NEW YORK.

Daniel Steadman and son, Frank, returned home Friday afternoon from Mexico, where they have been since January. They were employed by the Greene Consolidated Copper Company and had interded remaining for several months longer, but the latter's health became impaired by the great climatic changes to such an extent that his father thought it best to bring him home. Mr. Steadman is undecided about returning. Their description of the country, and the possessions of the Copper Company is quite intersting, especially to the stockholders of the organization. The week before the Steadmans left for home about one hundred thousand dollars worth of ore was taken out. The work, Mr. Steadman says, is hindered on account of the railroad being so far away from the mines. To meet this contingency and to facilitate the mining the Company has decided to build a railroad, work on which has already been commenced. The mines are located at Cananea, Sonora County.

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure.

If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes. Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

After other witnesses had been called and their testimony taken the jury rendered a verdict in accordance therewith.

The patient will be examined, it is said, and if found to be responsible, will be tried for murder.

SAVE THE CHECKS YOU GET

AT

F. M. LEADER'S

MEAT MARKET.

THEY ARE VALUABLE.

The above is the motto of a new system of business which went into operation here this week for the benefit of Cash Buyers at our Meat Market. Every cash customer gets, with each purchase, a check similar to this:

0 5 4 APR-8

F. M. LEADER,
DEALER IN
Fresh and Smoked Meats,
Milk, Eggs and Butter.
BLOOMSBURG, PA.

D 1.90

$10 in cash checks good for 25c. in trade.
It pays to buy for cash.

SAMPLE OF CHECK.

It means that on April 8th, you bought and paid for meats to the amount of $1.90 under our agreement that whenever such purchases added together amount to $10, the return of the checks will entitle you to 25 cts. worth of meat FREE.

In other words, we will pay a dividend of 2½ per cent. on every $10 you spend in cash at our meat market, making you a partner in our business to that extent.

The check is printed and the transaction recorded and the dividend made possible by our new National Cash Register. It is a beautiful piece of mechanism and perfection of system and accuracy in business transactions between clerk and customer.

You would pick up a dollar if you found it in the street, and think you were in luck.

You can pick up dollars here by our dividend system.

But it is not luck, it is business—good business.

We are bringing all our resources to bear to make it pay you to be a regular customer at our Meat Market.

Yours very truly,

CANAL BILL OPPOSED

The Antis Appear Before Committee at Albany.

STRONG ARGUMENTS PRESENTED.

Lewis of Monroe Offers as a Substitute His Good Roads Measure to Bond State For $5,000,000.

ALBANY, April 10.—By a vote of 7 to 5 the assembly canal committee last night decided to report to the house today for reprinting as amended the $26,000,000 canal improvement referendum bill. The amendments made to the bill are the same as adopted by the senate when the bill was ordered to a third reading. They provide that the Oneida feeder shall be included in the improvement and that an annual tax shall be imposed for 17 years to pay for the work to be done under the provisions of the act.

The anticanal advocates had their second encounter with the friends of the canals yesterday afternoon at the hearing given by the assembly canal committee on the $26,000,000 referendum canal improvement bill introduced by the canal committee in both houses.

Assemblyman M. E. Lewis of Monroe was the first speaker. He offered as a substitute bill for the measure his good roads bill bonding the state in $5,000,000 for improvements to good roads.

He believed that the canal improvement question should be dropped and the good roads improvement taken up.

N. G. Spaulding, representing the New York State Tax and Transportation Reform association, opposed the bill. The vital difficulty, he maintained, in the way of adopting the canal enlargement plan under discussion was the reshipping at Buffalo.

Assemblyman Burnett of Ontario, on behalf of his constituents, registered his protest against the bill. He said he had watched with interest and admiration the untiring efforts of the coterie of gentlemen from Buffalo in pushing the bill. There was a time, he said, when the city of New York held the palm in the lobby, but lately it had taken a back seat in favor of Buffalo.

E. B. Norris, master of the state grange, speaking against the bill, said:

"This $26,000,000 will follow the $9,000,000, and we know where that went."

"We don't know that yet," said Assemblyman Swift, sotto voce.

John I. Platt of Poughkeepsie next opposed the bill. If this bill was passed, he contended, the state would be bunkoed, as the canals since the abolishment of tolls had been a hindrance to commercial supremacy of the state and should be abandoned.

Former Senator John Laughlin of Buffalo was the principal speaker in advocacy of the bill.

Others who spoke for the bill included George Clinton of Buffalo, Verplanck Colvin of Albany and William E. Cleary of New York city.

Adjournment Date April 23.

ALBANY, April 10.—The legislature will adjourn on April 23. This has been settled, although Senator Ellsworth still believes the date should be the 26th, as the senate needs that time to finish its business.

Wrecked on Maine Coast.

GLOUCESTER, Mass., April 8.—The southeast storm just before the Easter dawn threw up on the jagged rocks of Eastern point the old Calais two masted schooner Hyena, and within an hour the waves had torn her to pieces and swept off her entire crew of four men. Two of them, Elmer and Bennett Stanley, managed to reach shore and dragged their bruised bodies up the rocks, but her skipper, Captain R. B. Dix of West Tremont, Me., and Steward Fuller failed to gain the shore and were probably drowned or killed by being dashed on the rocks. The two battered sailors reached this city yesterday morning.

Dry Goods Combine.

NEW YORK, April 10.—Official notice of the rumored combination of department stores was given yesterday by J. Pierpont Morgan & Co., who solicited subscriptions to the stock of the Associated Merchants' company. The company is capitalized at $20,000,000 and proposes to acquire dry goods businesses or interests in this and other cities. The prospectus states that a one-half interest has been secured in both the H. B. Claflin company and the Adams Dry Goods company and that the James McCreery & Co. Twenty-third street store has been bought outright.

Crushed to Death In Their Home.

CRIPPLE CREEK, Colo., April 10.—The family of James Smith, including the father, mother and four children were instantly killed in their home last night by the sliding of the huge dump of the Granite mine. The Smith residence was located just below the base of the dump. The recent snows had softened the dump so that the top suddenly slid down, crushing the house and burying its inmates. Hundreds of men are now digging away the dirt and rock, but it is not thought possible that any of the victims will be found alive.

Large Inheritance Tax Check.

NEW YORK, April 6.—Comptroller Coler yesterday sent to State Treasurer John P. Jaeckel a check on the City Trust company for $1,055,290, the amount of collateral inheritance tax collected in this city from Jan. 1 to March 31, less the comptroller's fees. This is the largest amount of collateral inheritance tax collected in any one quarter in recent years. The fees of the comptroller on these collections exceeded $10,000.

Congressmen Going to Manila.

WAPAKONETA, O., April 9.—Congressman R. B. Gordon of the Fourth Ohio district and other members of congress will visit Manila and the Philippines this summer. They will leave the first part of next month. Congressman Gordon says they desire to make a study of the actual conditions and thus be better able to handle Philippine matters in the next congress.

New City's First Election.

ONEIDA, N. Y., April 10.—At the special city election yesterday, the first under the new city charter, a large vote was polled. Julius M. Goldstein (Rep.) was elected mayor by 225 majority. Four Democratic and two Republican aldermen were elected. Jerry T. Durham (Rep.) was elected city judge and R. A. Hill (Dem.) chamberlain.

SAILORS TURN CANNIBALS.

Ghastly Story Told by Two Survivors. Forty Days Adrift.

LONDON, April 8.—The Singapore correspondent of The Daily Express wires a ghastly story of cannibalism at sea brought to Singapore by two survivors of the Nova Scotian bark Angola, wrecked six days' sail from Manila on Oct. 23 last. The correspondent says:

"The survivors, Johnnsen, a Swede, and Marticornu, a Spaniard, assert that the Angola struck a reef. Two rafts were built. The smaller, bearing five men, disappeared. The latter, with 12, drifted for 40 days. The sailors ate barnacles, seaweed and finally their boots.

"On the twenty-fifth day two became insane and killed themselves. On the twenty-sixth a Frenchman killed the mate with an ax, drank his blood and tried to eat his brains, but was prevented by the others. Next day the Frenchman was killed while attempting to murder the captain. The survivors, all of whom were now insane, ate the Frenchman's body.

"Cannibalism continued until only Johnnsen and Marticornu remained. On the forty-second day the raft stranded on Subi, or Flat, island, in the Natuna group, northwest of Borneo. Johnnsen and Marticornu were awfully emaciated. Friendly Malays sent them by junk to Singapore."

THIRTY-SEVEN INJURED.

Officials Investigating Bridge Collapse at Syracuse.

SYRACUSE, April 8.—The question of responsibility for Saturday's bridge disaster, in which 37 persons were injured, has yet to be decided. C. R. Johnson, the electrical expert of the state railroad commission, arrived and made an investigation, but refused to talk for publication.

E. R. Hooker, deputy superintendent of public works, has also arrived here from Albany and is making an investigation.

The city authorities declare that they are not to blame for the condition of the bridge and say the state is responsible. Minor canal officials declare that the state is also blameless.

All of the injured are reported to be doing well, and there will probably be no deaths.

The accident occurred while the Easter shopping crowd of men, women and children was hurrying home through James street, the fashionable thoroughfare, at 5:50 Saturday afternoon the big bridge over the Oswego canal, in the heart of the city, collapsed, carrying with it to the bottom of the canal, 30 feet below, a trolley car loaded with passengers, many pedestrians and a horse and lumber wagon.

NEW ROUTE TO THE POLE.

Herr Kampe Proposes to Go by Submarine Boat.

LONDON, April 8.—At a recent meeting of the Vienna Geographical Society Herr Kampe outlined his plan to reach the north pole in a submarine boat now being built at Wilhelmshaven.

In the 15 hours during which the boat will be able to stay under water it can cover 50 miles. It will be submerged at the edge of the land of ice surrounding Spitzbergen and will be steered toward the nearest open water to the north.

Stretching Wires For New Bridge.

NEW YORK, April 9.—The first move to stretch the wires on the new East river bridge connecting New York and Brooklyn was made today at noon when the lighter aboard which were three reels of wire rope was towed from its anchorage at the New York tower to the Brooklyn side of the bridge. The rope thus played out will lie at the bottom of the river. Traffic was stopped for a little more than 15 minutes. Thursday between 1:30 and 2:30 p. m. one of the three ropes on the float will be pulled up to the top of the tower. From there it is to be pulled taut, and the first wire for the new bridge will hang between the two towers. If this operation is successful, it will be repeated Friday for the second rope and Saturday for the third.

King Christian's Birthday.

COPENHAGEN, April 9.—The eighty-third birthday of King Christian was celebrated yesterday everywhere in Denmark. The king is in quite good health and received the congratulations of officials, diplomats and other dignitaries. The streets of the city were crowded, and in the square fronting the Amalienborg palace several thousand people constantly cheered the king, who in response appeared upon the balcony with his daughters. At the banquet given last night at the crown prince's palace the crown prince, Prince Frederick, toasted the king, his father. Queen Alexandra and Dowager Empress Marie of Russia, who have been attending the celebration, leave here today. Queen Alexandra will go to Cronberg for a few days and will thence return home.

Logan, which rests on an imposing bronze pedestal in Iowa circle, was unveiled yesterday in the presence of the president, the cabinet, the widow and relatives of the gallant soldier, many of his comrades in arms and a vast multitude of people. The sculptor, Franklin Simmons, who was knighted by King Humbert of Italy as a tribute to the artistic character of the work, also was present. Master George Tucker, a grandson of the honored warrior, pulled the unveiling cord at 2:45 o'clock. The folds of the large American flag fell away, and the dashing figure of "Black Jack" Logan seated on his charger stood revealed amid a roar of cheering that echoed down the intersecting streets and avenues.

The president and members of the cabinet had been escorted to the statue by a military parade under command of Colonel Francis L. Guenther of the Fourth United States artillery. The procession included detachments from the artillery and infantry arms of the regular army, a battalion of marines and a company of seamen from the navy yard, a provisional regiment of the District of Columbia militia, members of the Societies of the Army of the Tennessee and Army of the Cumberland and members of the local veteran associations. Mrs. John A. Logan and the other relatives sat upon a platform at the base of the monument.

The president and his cabinet and other distinguished guests occupied a flag draped stand opposite this platform, while in another stand extending around the monument were other guests, including many of General Logan's old comrades, representatives of John A. Logan post, G. A. R., of St. Louis, the Logan Republican club of Brooklyn and the Logan club of Philadelphia.

General Grenville M. Dodge, president of the Army of the Tennessee, who is the only living general represented in the group on the bronze pedestal showing General Logan in council of war with his commanding officers, presided over the ceremonies.

At the moment of the unveiling a section of the Fourth artillery fired a national salute on the White lot, south of the executive mansion.

President McKinley received an ovation as he was introduced, and it was some time before he could begin his remarks. He spoke in part as follows:

"My fellow citizens, it is a good token when patriots are honored and patriotism exalted. Monuments which express the nation's gratitude for great deeds inspire great deeds. The statue unveiled today proclaims our country's appreciation of one of her heroic sons whose name is dear to the American people, the ideal volunteer soldier of two wars, the eminent senator and commoner, General John A. Logan.

"Logan's career was unique. His distinction does not rest upon his military achievements alone. His services in the legislature of his own state, in the national house of representatives and in the senate of the United States would have given him an equally conspicuous place in the annals of the country. He was great in the forum and in the field.

"As a popular orator his voice has been heard in every state and territory of the Union, always for his country and for the flag he so much loved. He was among the first commanders of the Grand Army of the Republic, and to him we are indebted for that beautiful service which on the 30th of May each year brings to the graves of the soldier dead, among whom he now rests in everlasting comradeship, the offerings of an affectionate people and the undying gratitude of a nation.

"The highest eulogy ever paid him was by his father. The latter in his will divided his property between his widow and children equally, except—and I quote from the will—'John Alexander, whose marked abilities are such that he can provide for himself and aid his mother, if necessary. This provision is not made from want of affection, but because of unbounded confidence in his future success.' What a remarkable tribute from father to son! That expression of faith was enough to quicken the young man's noblest aspirations and call out the best that was in him. Beloved of father, wife and children, beloved of his comrades in war and in peace and beloved of his country, his whole life realized his father's prophecy and its words would adorn any monument to his fame."

The president several times was interrupted by applause, and there was a great outburst of cheering when he concluded.

The oration was delivered by Senator Depew of New York.

He Has Married Three Thousand.

NEW YORK, April 8.—The Rev. Jacob Schlagel, pastor of the German Evangelical Reformed church of Fifth street and Avenue B, performed his three thousandth marriage ceremony yesterday. The couple who had this honor were Peter Schindler and Ida Braderwitz. They requested that their marriage take place in the pastor's house, but when he told them that they would be the three thousandth couple he had joined together they agreed to have it take place in the church before the evening services.

St. Louis Elevator Burned.

ST. LOUIS, April 8.—Sparks from a switch engine set fire to the big elevator owned by the St. Louis Elevator and Storage company, and within less than two hours the building was reduced to ashes, entailing a loss of $650,000. The building and contents, which consisted of about 800,000 bushels of wheat and corn, were fully insured.

Bank Tax Bills Doomed.

ALBANY, April 6.—It is learned on reliable authority that the bill taxing private bankers 1 per cent upon their capital and surplus, the bill taxing state and national banks 1 per cent on their capital and surplus and the two bills increasing the scope of savings banks' investments are all to be allowed to die and will not become laws.

PLUMER TAKES PIETERSBURG.

Seventy-five British Captured by the Boers Near Aberdeen.

LONDON, April 10.—The war office has received the following dispatch from General Kitchener, dated Pretoria, April 8:

"Plumer has occupied Pietersburg, Transvaal, after slight opposition. We had one officer and one man killed. The Boers evacuated the place the night before after blowing up two truckloads of ammunition.

"We took 60 prisoners, capturing a 7 pounder and destroying 210,000 cartridges, 1,000 rounds of 7 pounder ammunition and a considerable amount of powder and dynamite.

"Byng captured 16 prisoners and 50 horses and a depot of stores at Bosman's Kop.

"A detachment of about 100 men of the Fifth lancers and the Thirty-second yeomanry under Captain Bretherton was attacked about ten miles north of Aberdeen by 400 Boers. After resisting from daybreak until 11 o'clock our force was surrounded and captured. Twenty-five of our men escaped."

Kruger Names the Date.

PARIS, April 10.—Le Rappel, which has already published several remarkable statements as to the plans of Mr. Kruger, displays the following dispatch from The Hague this morning: "Mr. Kruger's departure for the United States has been fixed for May 31. He will lecture in Tammany hall about June 8 as the guest of the Democratic party."

AGUINALDO SIGNS.

The Peace Manifesto Ready—Insurgent Leaders Surrender.

MANILA, April 10.—Although the officials are uncommunicative, it is nevertheless said that Aguinaldo has signed the peace manifesto.

Chief Justice Arellano drafted the document. Aguinaldo strongly objected to two clauses therein, and considerable argument was required to overcome his objections.

Colonel Aba, the insurgent leader of Zambales province, with 13 officers, 83 men and rifles, surrendered to Lieutenant Colonel Mancil C. Goodrell, commanding the marines stationed at Olongapo, on Subig bay. General Malvar, with about 300 men and as many rifles, is expected to surrender shortly at Silang, in Cavite province.

Trias, who recently surrendered, will soon leave here for Lipa and Batangas, bearing credentials from Aguinaldo with which to treat for the surrender of the insurgent generals Malvar, Tinio and Lucban.

Generals Alejandrino, Cailles and Lacuna have been outlawed for violating the rules of war, and the remaining recalcitrant rebel chiefs are of no importance.

General Trias will also go to the southern islands on a similar errand.

REBELLION IN CHINA.

General Tung Fu Siang and the Northern Army Implicated.

PEKING, April 9.—According to expert opinion China would be able to pay from £20,000,000 to £30,000,000 without crippling her financial resources, while the amounts which the powers at present demand aggregate from £80,000,000 to £100,000,000.

Rumors which have been current during the past few days of the outbreak of a rebellion headed by General Tung Fu Siang, the former commander of the northern army in the provinces of Mongolia and Shensi, have been absolutely authenticated. Li Hung Chang and Prince Ching have received information on the subject which proves that the court is serious alarmed.

Tung Fu Siang was, according to last accounts, about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to himself. The court has about the same number of soldiers at Sian-fu, but it is probable that the troops of Tung Fu Siang are better drilled and better armed.

Floods Subsiding.

BOSTON, April 9.—The flood scare all over New England, due to rising waters under the influence of nearly five days of rain, has flattened out, for late reports indicate that a change for the better has come. The losses will be heavy no doubt, but nothing to be compared with some of the freshets of recent springs. The reason is obvious to people in southern New England, for the early spring left the ground open for a good soaking, and this natural absorption of the rain is taking care of much of the water, while the great surplus of the overflow, being unimpeded by ice, is rushing seaward.

Cuba Will Send Commission.

HAVANA, April 10.—The Cuban constitutional convention has formally reconsidered the vote against sending a commission to Washington, the final vote standing 20 in favor of reconsideration to 8 opposed. The programme now is to appoint a commission of five who shall in the first instance wait upon Governor General Wood, discuss the situation with him and ask his advice regarding the procedure necessary in the present case at Washington.

Ottawa Theater Burned.

OTTAWA, April 9.—The Russell theater, one of the finest playhouses in Canada, was destroyed, and the Russell House, one of the principal hotels in this city, badly damaged by fire at an early hour this morning before the firemen succeeded in gaining control over the flames. These buildings, with two others, occupied the block bounded by Queen, Elgin, Canal and Sparks streets. The total loss is estimated at $100,000.

Mrs. Nation to Sue For Hatchets.

TOPEKA, April 9.—Mrs. Carrie Nation says she will sue the city for some of her hatchets which are now in the possession of the police department. The hatchets were taken from her on the occasions of her several arrests during saloon smashing days. She made a demand on the chief of police for the hatchets, but was refused.

Emperor Nicholas May Abdicate.

LONDON, April 9.—"The health of Emperor Nicholas has been shaken by the recent commotions," says the St. Petersburg correspondent of The Daily Express, "and he will probably abdicate if the next child of the empress should be a daughter."

Hobson to Return to Duty.

WASHINGTON, April 10.—Naval Constructor Richmond P. Hobson has been assigned to special duty in the bureau of construction and repair, navy department. He will assume his new duties next Tuesday.

Mrs. Watson's Message.

She tells all suffering women how she was cured of Ovarian Inflammation by

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

"DEAR MRS. PINKHAM:—When I wrote to you a few months ago I had been suffering from inflammation of the ovaries and womb for over eighteen months. I had a continual pain and soreness in my back and side. I believe my troubles were caused by overwork and lifting some years ago. Life was a drag to me and I felt like giving up. I had several doctors, but they did me little good. I began to use Lydia E. Pinkham's Vegetable Compound four months ago and am in better health to-day than I have been for years. All my pains are gone. Your Vegetable Compound has made me well. I recommend it to all suffering women."—MRS. S. J. WATSON, Hampton, Va.

When there is one remedy that is sure, and hundreds of thousands of women know from experience is reliable, is it wise to experiment with untried and comparatively unknown medicines?

A New Salt Company.

ROCHESTER, April 5.—A new salt company to be known as the Western New York Salt company, with a capital stock of $100,000, was formed this week in Buffalo and has for its officers: President, Christian Klinck; vice president, Jacob Dold; directors, members of the Dold Packing company, Nathan Wolf of the Wolf Hide company and other gentlemen of Buffalo. The salt plant will be of 1,000 barrel capacity and situated on 212 acres of land just west of the village of Leroy. The plant will be operated independent of trusts and syndicates, and the promoters say that not a dollar's worth of the stock will be sold to the National Salt company.

McCormick Boy Still Missing.

NEW YORK, April 9.—The whereabouts of the missing Willie McCormick are still unknown. The police of Red Bank, N. J., thought they had discovered the lad in the person of a boy seen with a man who was begging in that town. It turned out, however, that the Red Bank strangers were William Healy and his son of Trenton, who were on their way to Long Branch. A New York city detective and a playmate of the McCormick boy visited Red Bank yesterday afternoon and the playmate at once said that the stranger was not the missing McCormick lad.

A Corner In Peanuts.

NEW YORK, April 5.—It is announced that a firm in Hoboken, N. J., has cornered the peanut market, having purchased all the nuts in the Chicago, Boston and New York markets, as well as having secured this week 125 carloads from Norfolk. There has been an advance in price from 70 to 90 cents a bushel lately, and a member of the firm says this has been due to the corner and expresses his opinion that they will go still higher.

High Pressure Days. — Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high pressure days.

Our Saviour in Art

cost nearly $100,000 to publish. Contains nearly 100 full-page engravings copied direct from the World's Greatest Paintings of our Saviour and His Mother. Contains History of Painting, Biography of Painter, and the Galleries in Europe where the Original Painting may be seen. The most beautiful publication ever issued. The strongest hearts weep at the sight of these wonderful pictures of Jesus and His Mother. Everybody says they are grand, sublime, matchless, magnificent, beautiful, inspiring and uplifting. The sale is unprecedented. The presses are running day and night to fill the orders. Twelve carloads of paper were required for the last edition. Small fortunes are being made by the thrifty with this marvelous work. Contains also a Child's story, beautifully written to fit each picture. This wonderful book, matchless in its purity and beauty, appeals to every mother's heart and in every Christian home, where there are children, it sells itself. A Christian man or woman can soon clear one thousand dollars ($1,000) taking orders in this community. Others are doing this. Why not you? We are advertising in nearly 10,000 newspapers in this country, Canada, England and Australia. Shipping books to every English-speaking country in the world. We shall promote our best workers to positions of State Managers, Correspondents and Office Assistants. We also own and publish large Photo-gravure Etchings of the great paintings in the Galleries of Europe. One or more of these Etchings can be sold in every home. By carrying the book and the engravings your success will be tremendous. Mrs. Waite, of Worcester, Mass., has sold nearly $4,000 worth of books there. Mrs. Sackett has sold nearly $2,000 worth of books in New York. Both of these ladies answered our advertisement, and had never sold a book before. Took 14 orders first two days—H. Colwell. Took 5 orders first day; 23 orders first week, clearing over $50—Hattie Lemwell. Thousands of others like above. It is printed on velvet finished paper; bound in Cardinal Red, Green and Gold, and adorned with Golden Roses and Lillies. Write quickly for terms as the territory is going rapidly. When you prove your success, we will promote you to the position of Manager and Correspondent under yearly contract.

We shall soon move into our new and elegant structure to be occupied solely by us, and to be known as the Light of the World Building.

The annual ball given in the Town Hall Monday evening by the Good Will Fire Company was an eminently successful affair. There were quite a few young people present from out of town, and all voted it a pleasing event. The various committees who had the ball in charge were composed of hustlers which accounts for the gratifying result. The music was furnished by Prof. Charles Breon's orchestra.

Rev. J. D. Smith, pastor of the Baptist Church, was taken suddenly ill while on his way from church, after the service Sunday evening. He was taken into Samuel Shafler's residence on Third Street and medical aid summoned. He was benefited by the administering of some medicines and removed to the Baptist parsonage in a carriage. The sickness was an attack of heart disease, with which he has been afflicted more or less for several years. He is very much improved at this writing.

The career of E. Sweppenheiser terminated in death, at his home in Mifflin township, this county, Monday morning, in the sixty-first year of his age. Death is attributed to a complication of diseases. Mr. Sweppenheiser was esteemed in the neighborhood and will be much missed. He lived a good life and his demise is deeply regretted. A wife and four children survive. One of the latter is Mrs. Ralph R. John, of Iron street, this town. The funeral services were held yesterday afternoon. Their Second Clash.

On Thursday evening the sextette of pool sharks representing the Moneta club will hie themselves to Bloomsburg and while there will endeavor to again wipe up the team of cue wielders doing business under the name of "The Wheelmen."

The Danville team already has a Wheelman scalp dangling at its belt, the result of a clash in this city several weeks ago, and they think the trick can be turned again. Time alone will tell.—Danville *News.*

The locals have gathered themselves together since their defeat two weeks ago, and are confident of walloping the Danvillians this evening. There will be no change in the Wheelmen's shooters.

Attention.

Some time ago the home for Soldiers Wives, Sisters and Daughters at Hawkins Station was destroyed by fire. The building has been replaced, but there is a lack of funds to furnish it, and the "Ladies G. A. R. Circle" of this town are making an effort to furnish one room. They will hold a social in the G. A. R. hall Friday evening at 8 o'clock, to which an admission of 10 cents will be charged, which includes refreshments. (Ice cream and cake extra.) As this is a worthy object the ladies should be encouraged by having a large attendance. Everybody go and the ladies will not send you home hungry.
